2 Years (4-Semester)

Admission Process

STEP 01
"Explore the online programme"

STEP 02
" Fill the admission form online"

STEP 03
"Get shortlisted by admission expert"

STEP 04
"Pay the programme fees"

STEP 05
"Start learning"

***Our admission counselor will guide you through-out the Admission process (1800 2740 240)**

Curriculum

1st Semester	Data Structure using C++	Advanced Database Management System	Operating System	Software Engineering	Business Intelligence and its Applications	Data Structure using C++ Lab.	Advanced Database Management System Lab.	Seminar-I
2nd Semester	Object Oriented Programming using Java	Web Technologies	Data Communication & Networking	Software Testing and Quality Assurance	Digital Marketing	Object Oriented Programming using Java Lab	Web Technologies Lab	Project-I
Bridge Course*	**1st Semester**	Computer Fundamentals and Web Design		**2nd Semester**	Logical Organization of Computers		Fundamentals of Mathematics	
3rd Semester	Programming with Python	Cloud Computing	Advanced Computer Architecture	Elective – I	Elective – II	Programming with Python Lab.	Cloud Computing Lab	Lab. based on Elective – I	Industry Internship Viva-Voce
4th Semester	Industrial Project			General Fitness & Professional Aptitude Viva-Boce				
	OR							
	Machine Learning	Open Source Technologies using PHP		Elective – III	Elective – IV	Open Source Technologies using PHP Lab.		Project-II

* Bridge course is only for the students having no Mathematics or Computer background. Students are required to qualify these courses also. These courses will be of qualifying in nature and shall not be considered towards semester total of marks.

Electives

	ELECTIVE - I	ELECTIVE - II
3rd Semester	Advanced Java Programming	Artificial Intelligence
	Mobile Application Development	Software Project Management
	NoSQL Database	Cryptography & Network Security

	ELECTIVE - III	ELECTIVE - IV
4th Semester	Blockchain Technology	Big Data
	Computer Graphics	Data Mining and Warehousing
	Design and Analysis of Algorithms	Internet of Things

THE ONLINE MM(DU) ADVANTAGE

To cater the multiple needs of Aspirants, MM(DU) uses technology-enabled platform to impart learner-centric quality education. This academic program serves as the ideal up-skilling for both beginner and experienced.

- **Anytime-Anywhere Learning**
  - Students enjoy the process of learning like a lively classroom environment
  - Learn at your own pace and get the best of both- the comfort & flexibility of online education just like an on-campus
  - Computer-based online proctored examinations

- **Team of expert faculty and mentors**
  - Interaction with experts from renowned academician and industry professional
  - Regular LIVE classes by experienced faculty
  - Portfolio building with real-world projects
  - Exemplary employer ratings of various programs
  - Dedicated course mentor allocated to each student
  - Flexible and modern curriculum selected for maximum industry relevance

- **Career support to find your dream job**
  - Career assistance & exclusive virtual job fairs
  - Professional mentorship to cultivate future business leaders
  - Hand holding by student relationship managers
